Prot. n.

Struttura Semplice Dipartimentale di Genetica Clinica  
Responsabile : **Dr.ssa Livia Garavelli**

Dear Friends, Dear Colleagues,

Regarding our project on skeletal anomalies (C2-C3 vertebral fusion) in Wiedemann-Steiner Syndrome:

- We will collect all the data within the end of April 2018
- We need (see the proforma for Clinicians):
- Initials, date of birth and Country of the patients
- We collect the data with the initials and then anonymize them
- Molecular data, Antropometric measures, Clinical Data, Dysmorphological features, Instrumental findings
- Imagines of cervical X-Ray and brain MRI (foramen magnum stenosis)
- The signed consent of the parents

Please find attachet, the project, the consent form and the proforma for clinicians to fill in

We will include as a co-author the colleague who sent us the data

Thank you in advance for your help!

Best regards,

Livia
